

GENERAL EDUCATION

KARA LAVERS

ACADEMIC SUPPORT COORDINATOR

Having graduated from UBC with a Bachelor's degree in Asian Studies and Psychology, Kara started her teaching career in Japan. She worked in the Public School System for three years and then taught in the private sector for three additional years as a teacher and teacher trainer. Much of her time focused on student support and creating plans for student success.

Upon her return to her hometown of North Vancouver in 2006, she joined Languages Across Borders (LAB). Back then it was known under a different name, but the community of teachers, staff, and students never changed. The close-knit community with high expectations of quality education in ESL was the reason students returned year after year, and many of the staff have been with the school for over 10 years.

In February of 2021, Kara made the switch to LCV as the Vancouver support for the E-learning students. She brought her work-ethic and high level of service to this new role. She is excited to help grow the program and to ensure that each student is given the attention and support that they deserve as they navigate this digital first education at LCV.
